

Say It, Watch It

With the Westinghouse Smart 4K Ultra HDTV - Amazon Fire TV Edition and voice remote with Alexa, you can instantly search TV shows, movies, actors and genres using just your voice - no more typing with your remote to find what you want. Discover the best content to watch with universal search across over 100 channels and apps.

Launch apps by saying "Open HBO NOW," play Amazon Video and content with Amazon Channels - Just say "Play Ex Machina," or "Watch The Grand Tour." Use voice commands to control playback for over-the-air Live TV, Amazon Video and Amazon Channels - just say "Rewind 60 seconds," or "Next episode." Want to skip the opening credits? Say "Fast forward a minute."

The Westinghouse Smart 4K Ultra HDTV - Amazon Fire TV Edition and voice remote with Alexa automatically detects devices connected to your TV and adds the device name to Alexa's vocabulary. Once you connect your Xbox, just tell Alexa "Go to Xbox" and the input is automatically switched. Or, connect an HD antenna to your TV's coax connector, then simply say "Tune to NBC" or "Go to Channel 2" to switch the tuner, and your station appears on screen.

Westinghouse Gets Hotter with Amazon Fire TV

The new Westinghouse Smart 4K Ultra HDTV - Amazon Fire TV Edition connects you to a world of entertainment. Featuring Fire TV built-in and voice remote with Alexa, simplify your TV experience and access all of your favorite content in one place - including live TV programming and access to over 300,000 streaming TV episodes and movies across more than 7,000 channels, apps, and Alexa skills.

Powered by a high-performance quad-core CPU and multi-core 3D GPU, the Westinghouse Smart 4K Ultra HDTV - Amazon Fire TV Edition delivers true-to-life picture quality, bringing 4K Ultra HD content to life. Quickly find and watch all of your favorite content, switch inputs and control TV settings, or access the latest news, weather and sports with the voice remote with Alexa.

Westinghouse, innovation you can be sure of.

What's On Fire TV

With access to over 7,000 apps, games, and Alexa skills, Amazon Fire TV gives you access to all your favorite subscriptions and streaming services. Watch over 300,000 TV episodes and movies, including live TV.

Meet Alexa

With the included voice remote with Alexa, use your voice to easily search for content and programming or switch TV inputs and change settings. With Alexa, you can use your voice to launch apps, search TV shows, movies, actors, and genres. Alexa also controls your smart home devices, answers questions, plays music, check local news, weather, sports and more—just ask!

TV The Way You Want It

Redefine Your TV Experience

The Westinghouse Smart 4K Ultra HDTV - Amazon Fire TV Edition simplifies your TV experience by delivering all of the best streaming, over-the-air and subscription content in one place, eliminating the need for external streaming media players, extra cords or components. With an intuitive on-screen programming guide that is searchable using the included voice remote with Alexa, discovering great content has never been easier. Enhance your experience by using your cable subscription to stream what you love on-demand through apps like HBO GO. Amazon Prime members also get unlimited access to Prime Videos including original programming like The Grand Tour, plus millions of songs with Amazon Music.

No Cable, No Problem

Access free live over-the-air TV programming with an HD Antenna or stream your favorite shows at the same time they're broadcast. Plus, watch live TV with Sling TV—which includes ESPN, AMC, ABC Family, TNT, Food Network, Cartoon Network, Disney Channel, CNN, HGTV, and more. Get instant access to 300,000+ TV episodes and movies on Amazon Video and more. (Subscription fees may apply.)

Unmatched Performance and Features

Now with 4K Ultra HD

The Westinghouse Smart 4K Ultra HDTV - Amazon Fire TV Edition delivers 4K Ultra HD streaming capability, giving you a best-in-class television experience with true-to-life picture quality.

Your voice just got more powerful

Just ask Alexa, a cloud-based voice service, to check local theater times, news, sports scores, the weather and more. Search across TV shows, movies, actors and genres to instantly find the content you want to watch. Additionally, through the voice remote with Alexa, use your voice to control smart home devices connected to your home network. The more you use Alexa, the smarter she gets. Built in the cloud, Alexa adapts to your speech patterns, vocabulary, and personal preferences. New voice-enabled services and features are being released all the time.

Next generation processing power

From the responsive interface and instant search result, to smooth gaming and ultra-fast streaming, everything about the Westinghouse Smart 4K Ultra HDTV - Amazon Fire TV Edition is fast and fluid. It's all thanks to a quad-core processor, high performance Wi-Fi support with dual-band 802.11a/b/g/n/ac, a dedicated graphics engine, 3 GB of memory and 16 GB of internal storage.

Not only 4K, but also 720p and 1080p

The Westinghouse Smart 4K Ultra HDTV - Amazon Fire TV Edition is built to support not only 4K Ultra HD High Efficiency Video Codec (HEVC), but it is also adept at delivering 720p and 1080p high-definition streams from your favorite streaming services - Amazon Video, HBO NOW, Crackle and others. HEVC is approximately 2x more efficient at encoding video than the current industry standard, which means less bandwidth is needed to deliver high-quality HD video streams.
