

Scott Park

President & CEO
Doosan Bobcat Inc.

Scott Park is president and chief executive officer (CEO) of Doosan Bobcat Inc.

Joining the company in February 2012, Scott served as global vice president of strategy, manufacturing strategy and total quality management (TQM). In November 2013, he was named president and CEO of Doosan Bobcat, responsible for overseeing all business operations in the Doosan Bobcat global regions.

Prior to joining Doosan Bobcat, Scott was the global chief information officer (CIO) and vice president of processes and systems for Volvo Construction Equipment in Brussels. He also served as the vice president and CIO of Volvo's excavator business line for Korea and the Asia region based in Singapore.

With more than 25 years of global experience, Scott is leading Doosan Bobcat with his in-depth knowledge of manufacturing, total quality management (TQM), information technology and strategy development. He is passionate about building and empowering teams to drive product innovation, quality and scale to Doosan Bobcat's business globally.

Scott has a bachelor's degree in engineering from Harvey Mudd College in Claremont, California, and a master's degree in international management from the University of California San Diego. He lives in Seoul, South Korea.
