

We build the future through **Data-centric AI**.  
 We inspire **AI & Human Collaboration**.  
**We are Crowdworks.**

Trusted by 400+ global companies, **Crowdworks** delivers **high quality AI training data** that is managed by *our comprehensive quality control system*. These data power AI model applications in various industries ranging from autonomous vehicle, digital healthcare, finance to education and law.

*AI model's performance is mainly determined by the quality of the training data.*  
 - Andrew Ng, professor at Stanford University

### Service Portfolio

**Largest Patent Holder in South Korea**  
 in AI data labeling and in worker and data management  
 134 registered patents / 49 applied patents (22 PCT)  
\*As of Sep. 22

<b>1</b> Industry Rank	<b>400+</b> Clients
<b>1,000+</b> Projects	<b>42K+</b> Crowdworkers
<b>100M+</b> Data Processed	<b>\$24.2M+</b> Fund Raised

From project design to worker performance management, Crowdworks leverages its integrated platform for the most sophisticated AI data project operation.

# Crowdworks provides ultimate services that cover clients' entire AI model development lifecycle.

Trust the power of data.

We have supported 400+ clients' successful AI innovation with expertise built from 1000+ AI Training Data collection & annotation projects. Our dedicated project managers and 41K+ professional crowdworkers are managed by comprehensive quality control system to deliver the finest quality data.

## Crowdworks™

High quality AI training data collection/annotation service for computer vision and NLP

Big data- and AI-driven technologies are applied at every step for the fastest delivery of high quality data.

## Workstage™

AI training data annotation platform

"Workstage™" is essential for...

**Workstage™ On-Premise**

Offline installation : Recommended for maximum security

**Workstage™ SaaS**

Online access : Data annotation platform priced by hours of use

**"we don't want to risk data leakages"**

**"We have our own labelers, but we need a labeling tools and platform"**

**"Because of company-wide security regulations, we can only work in an environment where our security program is applied"**

"Our solution can be deployed on the premise of the client so no data leaves the company."

"We provide an integrated AI data production solution, which includes project and team management features."

"We provide On-premise service which meets your security regulations."

No-Code work screen customization - Real time monitoring - Work group operation

## MLworks

AI model-driven AI data preprocessing service

Leveraging the data and know-how acquired via successfully delivering over 100M+ AI data, we provide rapid data annotation services using AI-driven models.

Available model

Auto Keyframe Extraction

Available model

AI-driven De-identification
