

EcoFlow @ CES 2023

POWER HAS NEVER BEEN THIS EASY

EcoFlow debuted its first-ever whole-home backup power solution and unveiled three new smart devices at the EcoFlow CES Special Event on January 5, 2023.

Whole-home Backup Power Solution

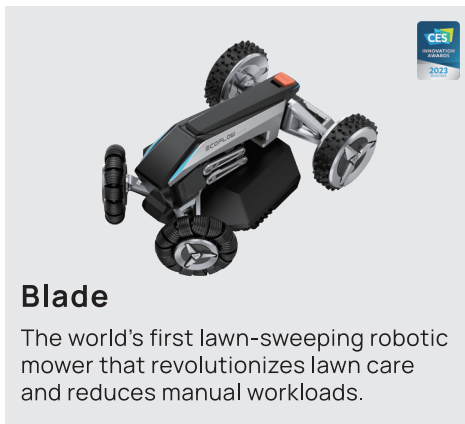

Power an entire home with the most effortless and economical whole-home backup power solution.

- Installation-free - Affordable - Unlimited Power

Glacier

Enjoy the ultimate refreshment anywhere, anytime with the only portable fridge to feature a built-in ice maker.

Blade

The world's first lawn-sweeping robotic mower that revolutionizes lawn care and reduces manual workloads.

Wave 2

The next-generation portable air conditioner that makes outdoor adventures a little more luxurious.

With EcoFlow, powering life at home, outdoors, and on the go has never been this easy.

About EcoFlow

EcoFlow is a leading eco-friendly energy solutions company with the vision to power a new world. Since its founding in 2017, EcoFlow's mission has been to reinvent the way individuals and families access energy by providing reliable, accessible and renewable power solutions. Today, EcoFlow has operational headquarters in the US, Germany, and Japan, and has empowered more than 2 million users in over 100 markets worldwide.
